- Professional**: Business Acumen, Client Interaction, Requirements Gathering, Technical Communication, Innovation and Strategic Thinking, Agile Methodologies, Scrum, Jira, Linux, Code Reviews, Technical Documentation.
- Testing & DevOps**: Kubernetes, Cypress, Jest, Playwright, GitHub, Docker, Continuous Integration, Performance Testing, Stress Testing.

WORK EXPERIENCE

Senior Full Stack Developer (React/Node.js/AWS & GCP)

Noida, India • 12/2023 - Present

EXL Services

- Built resilient financial systems with cloud-based microservices for US healthcare clients, ensuring secure and scalable solutions.
- Developed and enhanced frontend features using React.js and TypeScript, focusing on user experience and performance optimization.
- Implemented indexing, sharding, aggregation pipelines, and database replication to improve scalability and performance by 18%.
- Built high-performance components, led code reviews, wrote unit and integration tests, and resolved performance issues.
- Conducted end-to-end testing, debugging, and refactoring to enhance system robustness, reducing deployment errors using Jenkins.

Senior Full Stack Developer (Node.js/React/AWS)

Mumbai, India • 05/2023 - 11/2023

Rextone Digital (Startup ElRed)

- Built scalable backend systems and collaborated with frontend developers and product teams to deliver new features.
- Managed AWS CloudFront, CDNs, and serverless architecture, reducing development time by 50% and enhancing code quality.
- Collaborated with product and design teams to deliver features that increased user satisfaction by 30% and conversion rates by 15%.

Full Stack Developer (React/Node.js/AWS & Azure)

Noida, India • 04/2021 - 05/2023

CGInfinity

- Led an agile team delivering 30+ features bi-weekly, achieving 90% on-time project completion and improving performance by 18%.
- Developed 4 MERN stack web apps for Shell energy Germany, improving load times by 20% and user engagement by 40%.

Full Stack Developer • Internship

Rajpura, India • 10/2020 - 02/2021

Ridez Now

- Collaborated with senior developers to design and implement REST APIs, participate in code reviews, and improve code quality.

PROJECTS

Solution Vault (Next.js + MERN + AWS + ChatGPT)

11/2023 - 03/2024

Developed a high-performance, full-stack AI-powered web app (Next.js and MERN) integrated with AWS services (EC2, Lambda, DynamoDB), reducing page load times by 15%, improving user satisfaction by 30%, and increasing session duration by 25%.

Fitness With Tanu (Freelance, UK)

01/2020 - 11/2020

Built a robust web app with 2FA, database replication, and sharding, improving performance by 25%.
Deployed real-time health monitoring using Grafana, increasing user participation by 25% and reducing latency by 30%.

CERTIFICATIONS

AWS Certified Developer Associate

01/2023 - 01/2026

EDUCATION

Bachelor's Degree in Computer Science

Rajpura, India • 08/2018 - 04/2022

Chitkara University
