Senior Full Stack Developer | AWS Certified Developer Associate

Full Stack Engineer with **4.5+** years of experience in **React.js, Node.js, MongoDB, and TypeScript**. Skilled in building **scalable, reliable systems** and **implementing SRE practices** like **monitoring** and **containerization**. Proven track record of **reducing load times by up to 30%** and increasing user engagement. Adept at **leading teams, mentoring developers**, and driving improvements.

WORK EXPERIENCE

Senior Full Stack Developer • Noida, India 12/2023 - Present
EXL Service

- Built resilient financial systems with **cloud-based microservices** for US healthcare clients, **ensuring secure and scalable solutions**.
- Developed and optimized **RESTful APIs** using **Node.js**, **reducing response times by 25%** and enhancing application performance.
- Optimized **React components** for performance, **reducing load times by 20%** and enhancing user experience for a healthcare app.
- Implemented **indexing, sharding, aggregation pipelines**, and **db replication** to improve **scalability** and **performance by 18%**.
- Built **high-performance components**, **led code reviews**, **wrote unit and integration tests**, and **resolved performance** issues.
- Conducted **e2e testing, debugging**, and **refactoring** to enhance system **robustness**, reducing deployment errors using **Jenkins**.

Senior Full Stack Developer • Mumbai, India 05/2023 - 11/2023
Rextone Digital (Startup ElRed)

- Architected a scalable backend system utilizing **Node.js, Express.js, AWS, and MongoDB**, **improving response time by 30%**.
- Managed **AWS CloudFront and serverless architecture**, **reducing development time by 50%** and **enhancing code quality**.
- Collaborated with product and design teams to deliver features that increased user satisfaction by **30%** and conversion rates by **15%**.

Full Stack Developer • Noida, India 04/2021 - 05/2023
CGInfinity

- Led an agile team delivering 30+ features bi-weekly, achieving 90% on-time project completion and improving performance by 18%.
- Developed 4 MERN stack web apps for **Shell Energy Germany**, improving load times by **20%** and user engagement by **40%**.

Full Stack Developer • Rajpura, India 10/2020 - 02/2021
Ridez Now

- Designed and implemented efficient REST APIs, driving code quality improvements through detailed reviews with senior developers.

Freelancer • UK (Remote) 01/2020 - 11/2020
Fitness With Tanu

- Built a real-time health monitoring app using **Grafana** and **AWS**, resulting 25% boost in engagement and 30% reduction in latency.

PROJECTS

Solution Vault (Next.js + MERN + AWS + ChatGPT) 11/2023 - 03/2024
Developed a high-performance, **full-stack AI-powered web app integrated with AWS services (EC2, Lambda, DynamoDB)**, **reducing page load times by 15%, improving user satisfaction by 30%**, and increasing session duration by **25%**.

SKILLS

- Frontend Skills:** React.js, TypeScript, Next.js, Redux, Redux Toolkit, JavaScript, HTML, CSS, SASS/SCSS, Bootstrap, TailwindCSS, JSX, UI/UX, Unit Testing, Responsive Designs, Webpack, REST, Version Control, GraphQL
- Backend & Cloud Skills:** Node.js, Express.js, NoSQL, MongoDB, GitHub, Python, Microservices, System Design, JSON, JWT, Swagger, OAuth, WebSockets, SSO, Nginx, Azure
- Professional Skills:** Business Acumen, Agile Methodologies, Requirements Gathering, Technical Communication, Innovation and Strategic Thinking, Client Interaction, Technical Documentation, Sharepoint, Code Reviews, Performance Testing, Jira, Scrum
- Testing & DevOps Skills:** Cypress, Jest, Continuous Integration, Docker, Kubernetes, Monitoring, Containerization

CERTIFICATIONS

AWS Certified Developer Associate 01/2023 - 01/2026

EDUCATION

Bachelor's Degree in Computer Science

Chitkara University
